Govt. College Balrampur Dist. Balrampur-Ramanujganj (C.G.)

1.4 Feedback System

The institution has established a robust **Feedback System** to ensure continuous improvement in the academic and administrative processes. Feedback is systematically collected from key stakeholders, including **Students**, **Alumni**, and **Teachers**, using Google Forms. This feedback helps the institution align its operations with the expectations of stakeholders and improve the overall learning environment.

1.4.1 Institution obtains feedback from the stakeholders :

The institution collects feedback from students, teachers, and alumni through Google Forms to understand their views on the syllabus, teaching methods, and overall facilities. After collecting responses, the data is analyzed to identify key points, and a detailed Response Analysis Report is prepared for each group. This report highlights strengths, areas for improvement, and suggestions from stakeholders.

The feedback, along with their respective responses, has been included and attached below, as mentioned in the index, making it easy to review and understand the perspectives of all three stakeholder groups.

1.4.1 Action Taken Reports

"This Action Taken Report highlights the measures implemented by the college based on the feedback received from students, teachers, and alumni. It reflects our commitment to addressing the concerns and suggestions provided by stakeholders to ensure continuous improvement in academic, infrastructural, and extracurricular domains. Specific actions have been taken to enhance the overall experience and effectiveness of the college environment."

"Action Taken Reports for all three stakeholders—students, teachers, and alumni—are provided below. Each section addresses the feedback received and the respective actions taken to address the concerns. The detailed reports can also be accessed through the index for easy navigation."

Action Taken Report on Feedback Received from Students

Based on the feedback collected from students regarding the syllabus, teaching methods, learning resources and others, the following actions have been implemented by the institution:

The concern regarding the clarity of core concepts has been addressed by introducing additional tutorial sessions. Faculty members have been encouraged to adopt interactive teaching methods, including practical examples, to ensure better understanding among students.

Students expressed the need for timely feedback on their assignments and classroom discussions. To address this, all faculty members have been instructed to provide regular and constructive feedback to help students improve consistently.

To make assignments and projects more relevant, the institution has decided to redesign them with a focus on aligning them with the syllabus and real-world applications. This step will ensure students gain practical knowledge that complements theoretical learning.

The availability of study materials in the library was found to be inadequate. In response, more updated and relevant resources have been added to the library, ensuring that students have access to essential learning tools.

In light of concerns about balanced syllabus coverage, a review has been conducted to identify redundancies, and a proposal has been made to ensure a more comprehensive and balanced distribution of topics across semesters.

Assessment transparency was another area of concern. The institution has taken steps to clearly communicate evaluation criteria to students, ensuring fairness and clarity in grading systems.

Lastly, to better prepare students for careers, workshops and career counseling sessions have been planned. These initiatives aim to equip students with necessary skills and industry knowledge for future opportunities.

Action Taken Report on Feedback Received from Alumni

The alumni expressed high satisfaction with the relevance of the curriculum and the support provided by faculty members for academic growth. To maintain this, the institution will regularly review the syllabus to align it with industry standards and ensure continuous faculty training.

Feedback shows appreciation for extracurricular activities and career guidance provided by the college. The institution plans to enhance these opportunities by introducing more skill-based workshops, career fairs, and partnerships with industry experts.

The college's infrastructure and classroom environment received excellent feedback. To further improve, the institution will continue to invest in maintaining and upgrading facilities for a better learning experience.

The alumni rated the opportunities for personal growth very highly. The institution will keep organizing seminars, guest lectures, and personality development programs to nurture students' overall development.

Administrative staff and alumni network support were well appreciated. The college intends to strengthen its alumni network further by organizing more alumni meetups and creating mentorship opportunities for current students.

There was satisfaction with the balance between theoretical and practical learning and the use of modern tools. The institution will focus on adding more practical sessions, hands-on projects, and advanced tools to the curriculum.

The alumni were satisfied with the examination process. However, efforts will be made to streamline evaluation methods further and ensure transparency.

The availability of books and resources was rated positively. The institution will continue expanding library resources and incorporating more digital tools for easy access.

The institution acknowledges the overwhelmingly positive feedback and remains dedicated to continuous improvement. Efforts will be made to sustain current standards while striving for even greater excellence.

Action Taken Report on Feedback Received from Teacher

Overall Work Environment, Teachers expressed a high level of satisfaction with the work environment. To maintain this positivity, regular faculty meetings and team-building activities will be conducted to further enhance the work culture.

Access to ICT Facilities, Teachers reported consistent access to ICT facilities. The college will further enhance ICT resources by upgrading internet speed, adding modern equipment, and providing additional training sessions for effective utilization of these resources.

Workload Distribution, Most teachers expressed comfort with workload distribution. Regular workload reviews will be conducted to ensure equitable distribution of responsibilities, and any concerns will be promptly addressed.

Promotion of Research Opportunities, While teachers were generally satisfied, some felt there was room for improvement. The administration will increase funding for research projects, provide incentives for research publications, and host research-oriented workshops and seminars.

Support for Seminars and Conferences, Teachers expressed satisfaction with the support provided. The college will continue to provide logistical and financial assistance while also expanding the scope of events to include interdisciplinary seminars and collaborations with other institutions.

Student-Teacher Ratio, Teachers provided mixed feedback on this topic. To address concerns, the college will aim to recruit additional qualified faculty members to ensure an optimal student-teacher ratio for effective learning.

Opportunities for Faculty Development, Teachers were largely satisfied with the opportunities provided. To build on this, the college will introduce more faculty development programs and provide access to online certification courses and workshops.

Feedback Process from Students, While the majority of teachers rated the feedback process as "Good" or "Excellent," steps will be taken to ensure that feedback is shared more transparently with actionable insights for continuous improvement.

Fairness of Evaluation and Assessment Practices, Teachers showed high confidence in the fairness of evaluation practices. To maintain this, the administration will continue to review the assessment processes regularly and make adjustments as needed based on teacher and student feedback.

Availability of Books and Study Materials in the Library, Most teachers were satisfied. To enhance resources, the library will expand its collection, focusing on newer editions and online e-books relevant to the curriculum.

Cleanliness and Accessibility of Washrooms, Feedback highlighted concerns about washroom cleanliness and accessibility. To address this, the college has decided to schedule more frequent cleaning, appoint dedicated staff for maintenance, and ensure proper supplies are available. Additionally, to improve accessibility, clear directional signage will be installed, and the layout will be reviewed to add washrooms in key areas if needed.

Sports Facilities and Trainers, Feedback shows high satisfaction with the availability of sports facilities and the quality of trainers. The college already has permanent faculty for sports and is committed to further enhancing this area by adding more sports equipment and organizing inter-college sports activities to encourage active participation from faculty and students.

Academic Atmosphere, Teachers overwhelmingly appreciated the academic atmosphere. To further enrich it, the administration will conduct academic excellence workshops, encourage research collaborations, and organize academic festivals.

Suggestions for Improvement, While most teachers did not provide suggestions, those who did will have their ideas reviewed by the administration to ensure meaningful improvements are implemented.

This Action Taken Report reflects the feedback provided by teachers, focusing on areas requiring improvement and maintaining strengths. The college administration is committed to addressing these actions to ensure an optimal teaching and learning environment.
